

Rockaway Waterfront Alliance

presents it's first...

Community Weekend Workshop

Saturday, January 31st, 2009

2PM

Far Rockaway Central Library

(1637 Central Avenue at Mott Avenue, Far Rockaway)

Energy

Efficiency | Storm Preparation | Money Saving Tips

Rockaway Waterfront Alliance would like for you to attend the launch of its Community Weekend Workshop series for the year of 2009! Monthly topics will vary addressing environmental and social justice issues - January will kick off with visitors from *National Grid, Margert Community Corporation, and NYC Office of Emergency Management* who will discuss **energy efficiency** and **weatherization, storm management** and response techniques, and offer tips for **saving money** for the Winter and upcoming Summer months. Seniors, adults, families, and children are welcome to attend. We will also have a free raffle for adults and solar race car activities for younger participants! We hope to see you at the event!
